Total

³ Scientific collaborators are additional universities/research institutions that should receive support for their work in the External/International Module of the JR Centre.

⁴ A detailed budget plan is included in the application. Discrepancies with the budget plan in the application may arise as a consequence of the formal checks.

⁵ If the External/International Module is established in an already active JR Centre, then calendar years have to be considered instead of research years

Content of the research

Brief scientific summary of the External Module/International Module (in German, maximum 1.500 characters)

Brief scientific summary of the External Module/International Module (in English, maximum 1.500 characters)

2. Exclusion of referees

6. Other relevant information

Any other information
relevant to the
External/International
Module

7. Declaration of the Head of the Module and the Head of the Centre

I confirm that all information in the application referring to the External/International Module and in the present form is correct and complete.

I agree that the application may be forwarded to the appropriate CDG bodies for evaluation, that extracts from the application (especially the title and the scientific summary) may be used to approach external peer-reviewers and that if these agree to evaluate the application the complete text will be sent to them.

I confirm that all persons named in the application referring to the External/International Module have given their consent to the forwarding of their cvs to enable the application to be evaluated.

I further grant consent to the forwarding of information on the application (particularly on the Head of the Module, the university of applied sciences/university/research institution and the company partners, as well as the title of the External/International Module and the scientific summary) to other funding agencies to examine any possible accumulation of funding.

I shall inform the CDG immediately if I apply for or receive any other funding from the public purse during the period of operation of the JR Centre for work that is immediately related to that of the External/International Module.

Furthermore, I shall inform the CDG immediately if during the period of operation of the External/International Module any interdependencies or personal relationships with the commercial partners of the External/International Module arise. I shall immediately report any contracts for consultancy work or for works and services that relate to the commercial partners of the External/International Module.

8. Declaration of the university of applied sciences/university/ research institution of the External/International Module

We confirm that our university of applied sciences/university/research institution is interested in a long-term collaboration with the Christian Doppler Research Association for the entire period of operation of the External/ International Module named above. We are thus submitting an application to establish the External/International Module of the JR Centre at our university of applied sciences/ university/research institution and have issued the prospective Head of the Module named above with the appropriate power of representation.

We guarantee that the Head of the Module will be employed for the entire period of operation of the Module, or that we shall make serious endeavours to ensure her/his employment for the entire period. We further confirm that we shall ensure that her/his salary will be covered from the global budget of the university of applied sciences/university/research institution and guarantee her/his scientific independence.

In the event that the application to establish the External/International Module is approved, we shall conclude a contract of collaboration with the university of applied sciences/university/research institution which hosts the above mentioned JR Centre. The contract of collaboration will transfer all relevant responsibilities.

We confirm that we are prepared to grant access to the audit bodies of the CDG or to persons authorized by the CDG.

We shall observe our responsibility to inform the CDG while involving the host of the JR Centre, in particular

- of any accords with the commercial partners of the External/International Module that relate to the External/International Module or the JR Centre,
- if we become aware of any interdependence between the Head of the Module and the commercial partners of the External/International Module,
- of any accumulation of support in relation to the External/International Module.

We confirm that all information in the application and in the present form is correct and complete.

We also confirm that

- the management can be assumed to be sound and prudent,
- it can be expected that the scientific work supported will be carried out correctly, in particularly in view of the available scientific, economic and managerial expertise,
- there are no legal reasons for exclusion and
- there are no other reasons for exclusion.
