TRANSLATED 24.03.2021

² In general, a CD Laboratory is headed by a single person. However, in particular special cases it is possible for a Laboratory to be headed jointly by two people. A joint leadership may be approved under two conditions. Either both co-Heads have complementary expertise that is absolutely required for the success of the research work and the input from the two sides must be more or less equal; or the CD Laboratory is to be established at two universities / research institutions. In no case may the two co-Heads come from the same working group and there must be no interdependency between them.

Modules

In general, one module is set up per CD Laboratory. Exceptions are CD Laboratories with joint leadership or External/International Modules:

- In the case of joint leadership, a module must be created for each Head of the Laboratory.
- If parts of the research are to be carried out at another university/research institution, an External/International Module can be applied for. For this purpose, please enter the key data in this form and additionally submit a separate form for the External/International Module in each case.

Module 1

Name

Scientific collaborators

Here, scientific collaborators partners are to be indicated who provide services for the CD Laboratory at other universities/research institutions that are to be financed within the framework of the CD Laboratory (e.g. research and advisory services, analyses, special IT services). However, External/International Modules are not to be listed at this point.

3. Interdependence with the commercial partners

The Head of the Laboratory has no interdependence⁵ or personal relationships with the commercial partners of the CD Laboratory.

The Head of the Laboratory has the following interdependence or personal relationships with the commercial partners of the CD Laboratory:

4. For statistical purposes

Scientific discipline
(ÖSTAT category)

Thematic cluster of the
CD Laboratory:
Please select one
cluster⁶

- Chemistry
- Life Sciences and Environment
- Mechanical Engineering and Instrumentation
- Mathematics, Computer Sciences, Electronics
- Medicine
- Materials
- Economics, Social Sciences and Law

Working time of Head of
Laboratory

Time available for the CD Laboratory (h/w)

Extent of employment at the university/research institution (h/w)

⁵ Interdependencies include in particular employment or a managerial function for the Head of the Laboratory at a commercial partner, or a holding in the commercial partner.

⁶ Please mark one thematic cluster to which the topic of the CD Laboratory primarily relates. CD Laboratories with joint leadership can only be assigned to one cluster.

5. Additional support

In the past three years, the following grants from the public purse (e.g. FWF, FFG, OeNB, Federal Ministry, province, EU) that relate to the topic of the CD Laboratory have been completed, approved or requested (with the decision pending). The list includes all relevant projects of the Head of the Laboratory and the institute/organizational unit at which the CD Laboratory should be established.

6. Other relevant information

Any other information relevant to the CD Laboratory

7. Declaration of the Head of the Laboratory

I confirm that all information in the application and in the present form is correct and complete.

I agree that the application may be forwarded to the appropriate CDG bodies for evaluation, that extracts from the application (especially the title and the scientific summary) may be used to approach external peer-reviewers and that if these agree to evaluate the application the complete text will be sent to them. I confirm that all persons named in the application have given their consent to the forwarding of their cvs to enable the application to be evaluated.

I further grant consent to the forwarding of information on the application (particularly on the Head of the Laboratory, the university/research institution and the company partners, as well as the title of the CD Laboratory and the scientific summary) to other funding agencies to examine any possible accumulation of funding.

I shall inform the CDG immediately if I apply for or receive any other funding from the public purse during the period of operation of the CD Laboratory for work that is immediately related to that of the CD Laboratory.

Furthermore, I shall inform the CDG immediately if during the period of operation of the CD Laboratory any interdependencies or personal relationships with the commercial partners of the CD Laboratory arise. I shall immediately report any contracts for consultancy work or for works and services that relate to the commercial partners of the CD Laboratory.

8. Declaration of the university/research institution

We confirm that our university/research institution is interested in a long-term collaboration with the Christian Doppler Research Association for the entire period of operation of the Christian Doppler Laboratory named above. We are thus submitting an application to establish the Christian Doppler Laboratory at our university/research institution and have issued the prospective Head of the Laboratory named above with the appropriate power of representation.

We guarantee that the Head of the Laboratory will be employed for the entire period of operation of the Laboratory, or that we shall make serious endeavours to ensure her/his employment for the entire period. We further confirm that we shall ensure that her/his salary will be covered from the global budget of the university/research institution and guarantee her/his scientific independence.

In the event that the application to establish the CD Laboratory is approved, we shall conclude the contracts with the CDG that relate to the establishment and operation of the CD Laboratory.

In the case of the establishment of external or international modules we shall conclude a contract of collaboration with each university/research institution at which an external or international module is to be sited. The contracts of collaboration will transfer all relevant responsibilities to the university/research institution at which an external or international module is to be sited.

We confirm that we are prepared to grant access to the audit bodies of the CDG or to persons authorized by the CDG.

We shall observe our responsibility to inform the CDG, in particular

- of any accords with the commercial partners of the CD Laboratory that relate to the CD Laboratory,
- if we become aware of any interdependence between the Head of the Laboratory and the commercial partners of the CD Laboratory,
- of any accumulation of support in relation to the CD Laboratory.

We confirm that all information in the application and in the present form is correct and complete.

We also confirm that

- the management can be assumed to be sound and prudent,
- it can be expected that the scientific work supported will be carried out correctly, in particularly in view of the available scientific, economic and managerial expertise,
- there are no legal reasons for exclusion and
- there are no other reasons for exclusion.
